

# INDEX TO VOL. 66

## NEW SERIES

- Abraxas; chromosomes and sex-determination, Doncaster, 397.
- Actiniaria; classification, Stephenson, 247.
- Adaptation, Evans, 439.
- Amoeba, cannibalism, Lapage, 669.
- Aphides; hyperparasites, Haviland, 322.
- Apis; alimentary canal, Pavlovsky, 509.
- Bahl, K. N.** On the development of the 'Enteronephric' type of Nephridial System found in Indian Earthworms of the genus *Pheretima*, 49-104, pls. 5-7.
- Beer, G. R. de.** The Segmentation of the Head in *Squalus acanthias*, 457-474.
- Bionomics of hymenopterous parasites, Haviland, 322.
- Bowen, R. H.** Studies on Insect Spermatogenesis, V. On the Formation of the Sperm in Lepidoptera, 595-626, pls. 24-26.
- Calma; adaptation, Evans, 439.
- Cannibalism in Amoeba, Lapage, 669.
- Cannon, H. G.** On the Labral Glands of a Cladoceran (*Simoccephalus vetulus*), with a description of its mode of feeding, 213-234, pls. 9, 10.  
— A further Account of the Spermatogenesis of Lice, 657-668.
- Carleton, H. M.** Note on the comparative effects on Tissues of Isotonic Saline and Distilled Water when used as Solvents for Mercuric Chloride and Formol in Histological Fixation, 501-508.
- Cell-division, Gray, 235.
- Chalcidae; development, Haviland, 322.
- Chlorophyll, animal, Fulton, 339.
- Chromosomes in Abraxas, Doncaster, 397.
- Cladoceran labral glands, Cannon, 213.
- Crew, F. A. E., and Fell, H. B.** The Nature of certain Ovary-like Bodies found in the Seminiferous Tubules, 557-578, pls. 18-23.
- Dakin, W. J.** The Infra-cerebral Organs of *Peripatus*, 409-418.
- Development: Hyperparasites of Aphides (Chalcids), Haviland, 322.
- Doncaster, L.** Further Observations on Chromosomes: Sex-determination in *Abraxas grossulariata*, 397-408.
- Dytiscus; Golgi bodies during amitosis, Ludford, 151.
- Earthworm: nephridia of *Pheretima*, Bahl, 49.
- Echinoid larvae, Ohshima, 195.
- Macbride, 149.
- Enteropneusta; *Glossobalanus marginatus* n.sp., Meek, 579.

- Evans, T. J.** *Calma glaucoides*: A study in Adaptation, 439-456, pl. 11.
- Fell, Honor B.** See Crew, 557.  
Ferments; digestive, in *Apis*, Pavlovsky, 509.  
Fertilization, artificial and normal, Gray, 419.
- Fulton, J. F.** Animal Chlorophyll: its Relation to Haemoglobin and to other Animal Pigments, 339-396.
- Gametogenesis:  
    *Saccocirrus*, Gatenby, 1.  
    *Ornithorhynchus*, Gatenby, 475.
- Gatenby, J. B.** The Cytoplasmic Inclusions of the Germ-Cells: Part X. The Gametogenesis of *Saccocirrus*, 1-48, pls. 1-4.  
— Some Notes on the Gametogenesis of *Ornithorhynchus paradoxus*, 475-500, pls. 12-14.  
*Glossobalanus marginatus* n.sp., Meek, 579.  
Golgi bodies, Ludford, 151.
- Gray, J.** Surface Tension and Cell-division, 235-246.  
— A Critical Study of the Facts of Artificial Fertilization and Normal Fertilization, 419-438.
- Haemoglobin, Fulton, 339.
- Haviland, M. D.** On the Post-Embryonic Development of certain Chalcids, Hyperparasites of Aphides, with remarks on the Bionomics of Hymenopterous Parasites in general, 322-338.
- Histology:  
    alimentary canal of *Apis*, Pavlovsky, 509.  
    gastric mucosa, Lim, 187.  
    solvents for fixatives, Carleton, 591.
- Hydrophilus larvae, Pavlovsky, 627.  
Hymenopterous parasites, Haviland, 322.
- Labral Glands, Cannon, 213.
- Lapage, G.** Cannibalism in *Amoeba vespertilio* (Penard), 669-710, pls. 28, 29.  
Lepidoptera; spermatogenesis, Bowen, 595.  
Lice; spermatogenesis, Cannon, 657.
- Lim, R. K. S.** The Gastric Mucosa, 187-212, pl. 8.
- Ludford, R. J.** The Behaviour of the Golgi bodies during nuclear division, with special reference to Amitosis in *Dytiscus marginalis*, 151-158.
- MacBride, E. W.** Note on Echinoid larvae, 149.
- Meek, A.** *Glossobalanus marginatus*, a new species of Enteropneusta from the North Sea, 579-594.  
Mucosa, gastric, Lim, 187.
- Nephridial system; earthworms, Bahl, 49.
- Ohshima, H.** The Occurrence of *Situs inversus* among artificially-reared Echinoid larvae, 105-148.  
*Ornithorhynchus*; gametogenesis, Gatenby, 475.  
Ovum-like bodies in Semiferous Tubules, Crew, 557.
- Paludestrina; anatomy and affinities, Robson, 159.
- Pavlovsky, E. N.** On the Biology and Structure of the Larvae of *Hydrophilus caraboides*, L., 627-656, pl. 27.

- Pavlovsky, E. N., and Zarin, E. J.** On the Structure of the Alimentary Canal and its Ferments in the Bee (*Apis mellifera*, L.), 509-556, pls. 15-17.
- Peripatus; infra-cerebral organs, Dakin, 409.
- Pheretima, Bahl, 49.
- Pigments, Fulton, 339.
- Robson, G. C.** On the anatomy and affinities of *Paludestrina ventrosa*, Montague, 159-186.
- Saccocirrus; gametogenesis, Gattenby, 1.
- Segmentation of Head in *Squalus*, de Beer, 457.
- Sex-determination in *Abraxas*, Doncaster, 397.
- Simocephalus*; labral glands, Cannon, 213.
- Situs inversus among Echinoid larvae, Ohshima, 105.
- Spermatogenesis:  
     Lepidoptera, Bowen, 595.  
     Lice, Cannon, 657.
- Squalus*; segmentation of Head, de Beer, 457.
- Stephenson, T. A.** On the Classification of Actiniaria: Part III. Definitions connected with the forms dealt with in Part II, 247-321.
- Zarin, E. J.** See Pavlovsky, 509.
